CHAIRPERSON'S FOREWORD

Standing Order 200A (1) and (2) of the National Assembly Standing Orders provides that “(1) *A Committee which is unable to complete its work before the expiry of its term shall table an exit report to the Assembly detailing reasons for such inability; and (2) The report shall be available to the succeeding committee which may consider it in preparing its work plan*”.

The Committee's Exit Report is an important tool of gauging performance of the Committee in the Twelfth Parliament. It gives details of the business executed by the Committee from November 2017 to June 2022 and offers a starting point for the succeeding Committee as it highlights the business pending before the Committee at the end of the 12th Parliament.

The following business was referred to the Departmental Committee on Communication, Information and Innovation in the Twelfth Parliament: Fourteen (14) Bills; Five (5) Legislative Proposals; Four (4) Petitions; two (2) inquiries; One (1) Statement, fifteen (15) Questions; one (1) vetting; and one (1) Treaty. The Committee was able to execute most of the work referred to it despite the COVID-19 Pandemic which made it difficult to hold in-person meetings, among other challenges..

Through enactment of proposed amendments to the Copyright Act introduced new sharing formula in respect of revenues collected from ring back tunes. The legislative intervention ensured that the artists get at least 52 per cent of the daily revenue generated from ring-back tunes while other players such as the telecommunication company, Kenya Revenue Authority and Premium Rate Service Providers, among others, share the remaining revenue. One of the pending businesses before the Committee is the inquiry into the gaming and betting activities in the broadcast media. The Committee had not conclusively handled the matter by the time of the sine die of the 12th Parliament.

It is therefore my pleasant duty and privilege, on behalf of the Departmental Committee on Communication, Information and Innovation and pursuant to provisions of Standing Order 200A (1) , to present to this House the Exit Report of the Committee.

Hon. Jane Njiru, MP

Chairperson, Departmental Committee on Communication, Information and Innovation

ACKNOWLEDGEMENT

The Committee is highly indebted to the Speaker of the National Assembly, The Hon. Justin B. N. Muturi, EGH, MP for providing guidance on committee activities, reports and recommendations which has made it possible for the Committee to discharge its mandate.

Special gratitude goes to Members of the Committee who made a lot of sacrifices to ensure that the Committee was able to discharge its mandate. This Report would not have been written without the input made by the Committee Members.

The Committee is also grateful to the Clerk of the National Assembly, Mr. Michael Sialai, CBS for ensuring that the Committee has the requisite professional staff and is adequately facilitated to undertake its legislative mandate in respect of the 12th Parliament.

The Committee further extends its gratitude to stakeholders and the public whose views and input guided the Committee during consideration of various business before it.

I would also like to thank the Director Departmental Committees, Mr. Peter Chemweno; Deputy Director Departmental Committees, Mr. John Mutega; and, Head of Department for Productive, Infrastructure, Trade & Agriculture sector Committees, Mr. Daniel Mutunga for their administrative guidance and support they provided to the Committee during the period under review.

Finally, I acknowledge the Committee secretariat comprising of Ms. Hellen Kina, Clerk Assistant I; Ms. Ella Kendi, Clerk Assistant II; Mr. Salem Lorot, Legal Counsel I; Mr. Thomas Ogwel, Fiscal Analyst I; Ms. Winnie Kulei, Research Officer II; Mr. Benson Muthuri, Sergeant at arms; Mr. Albert Atunga, Sergeant -At-Arms; Mr. James Macharia, Media Relations Officer and Mr. Nimrod Ochieng, Audio Officer.

PART ONE

PART THREE

3 ACHIEVEMENTS BY THE COMMITTEE

In view of the legislative undertakings during the period under review, the summary of key impacts includes:

32. Enactment of proposed amendments to the Copyright Act introduced new sharing formula in respect of revenues collected from ringback tunes. The legislative intervention ensured that the artists get at least 52 per cent of the daily revenue generated from ring-back tunes while other players such as the telecommunication company, Kenya Revenue Authority and Premium Rate Service Providers, among others, share the remaining revenue.
33. Following merited concerns by the public on the alleged abuse of dominance in the telecommunications sector, the Committee inquiry on both legislative and regulatory gaps in the telecommunications sub-sector addressed various areas that mainly enhanced consumer welfare and towards supporting sustainable investment by telecommunication players, which include:
 - i. Lower cost of mobile subscription as a result of review of the Mobile Termination Rates
 - ii. Provision of clear guidelines on the application, allocation and use of spectrum resources and for purposes of enhancing transparency and preventing spectrum hoarding/inefficient utilization.
 - iii. Reduced cost of mobile money transfers and access through implementation of agent interoperability that highly contribute to ease of doing business as well as catalyze post covid economic recovery and growth.
 - iv. Regulation of money lending fintech firms by the Central Bank of Kenya to avoid predatory lending practices and exploitation of Kenyans.
 - v. Fast tracking the use and utilization of the Universal Service Fund to implement national development priorities inline with the mandate of the Fund. Some of the interventions is to task the Regulator on the key issue of roaming to other Tier 1 mobile operators in the seven counties of Isiolo, Garissa, Mandera, Marsabit, Samburu, Turkana, and Wajir where there is limited coverage due to limited investment by telecommunication players and inadequate government ICT infrastructure.
 - vi. Provide for regulations on mandatory infrastructure sharing among telecoms thus reduce cost of entry for small operators thus leading to reduced cost to the users.
34. Data protection framework helps foster consumer trust and increased use of digital tools, which in turn can incentivize investment, competition and innovation in the digital economy The Data Protection Act, 2019 makes Kenya the third country in East Africa to have legislation dedicated to data protection. This law was expedited following concerns raised over the Huduma Namba registration exercise, with those opposed to the process raising concern about the safety of citizen's personal data collected by the Government. The Act seeks to; - give effect to Article 31(c) and (d) of the Constitution that contain the right to privacy; establishment of the Office of the Data Commissioner; regulate the processing of personal data, provide for the rights of data 'subjects'; and obligations of data 'controllers' (Person who determines the purpose and means of processing of personal data) and 'processors' (Person who processes personal data on behalf of the data controller).
35. The Committee undertook a legislative intervention resulting into curtailing unauthorised gaming activities in the various radio and television stations by directing the Betting Control and

Licencing Board and the Media Council of Kenya to suspend all Paybill numbers that were unlicensed/unauthorized for gaming activities that run through the broadcast channels. This has enhanced consumer protection and provided mitigation against money laundering.

PART FOUR

4 REASONS AS TO WHY THE COMMITTEE HAD SOME PENDING BUSINESS AT THE END OF THE 12TH PARLIAMENT

The Committee experienced the following challenges which made it difficult for it to optimally discharge its mandate:

- i. The COVID-19 pandemic affected the frequency of meetings and it made it difficult to meet stakeholders to prosecute matters before the Committee. This affected the Committee's efficiency in the execution of its mandate;
- ii. Unavailability of Government officials when invited for meetings to consider business before the Committee. This made it difficult for the Committee to discharge its mandate effectively;
- iii. Difficulty in raising quorum because of the 2022 General Elections especially in Sixth Session slowed down activities of the Committee; and
- iv. Lack of audio-visual devices in a number of meeting rooms made it difficult to conduct Committee business effectively.

MIN.NO/NA/CII/2022/084: ADOPTION OF THE REPORT ON CONSIDERATION OF THE STARTUP BILL (SENATE BILL NO. 1 OF 2021)

The Committee considered and adopted the report on the consideration of the Startup Bill (Senate Bill No 1 of 2021) having been proposed by Hon. Mwambu Mabonga,MP and seconded by Hon. Annie Kibeh,MP

The report was adopted with the following recommendations; -

CLAUSE 2

THAT, Clause 2 of the Bill be amended by inserting the following definition in its proper alphabetical sequence—

“Regulatory Sandbox” means a tailored regulatory environment for conducting limited scale live tests of startups;

CLAUSE 4

THAT, the Bill be amended by deleting clause 4 and substituting therefor the following new clause—

Functions of the national government.

4. The national government shall—

- (a) establish policies, norms and standards for the development of the business incubation sector and startup system;
- (b) provide for the co-ordination of national, county and concurrent functions relating to startups;
- (c) establish public online and other platforms for access to information including the establishment and development of startups, existing incubation programmes, access to fiscal and non-fiscal support;
- (d) keep and maintain a directory of startups and incubators;
- (e) support any research and development activities undertaken by startups;
- (f) put in place facilitative structures that ensure the protection of the innovations of startups at the national and international level for the protection of intellectual property;
- (c) enforce compliance with this Act;
- (d) put in place mechanisms for pre-incubation of entities and for this purpose, provide training and

capacity building programmes to startups registered under this Act;

NEW CLAUSE

THAT, the Bill be amended by inserting the following new clause immediately after clause 4—

Functions of the county government.

4A. A county government shall—

- (a) enforce compliance of this Act and other applicable laws;
- (b) implement policy standards and norms of business incubation sector and startup system;
- (c) establish programmes for the certification and admission of incubators into the incubation programmes;
- (d) put in place mechanisms that promote the development of business incubation programmes;
- (e) create an enabling environment for the promotion of business incubators including fiscal and non-fiscal incentives to incubators and startups;
- (f) put in place mechanisms to enable access to entities from marginalized groups through the use of quotas or mechanisms that match them to unused capacity in existing programmes;
- (g) support any research and development activities undertaken by startups;
- (h) perform such other functions as are incidental to the exercise of any or all of the county functions provided for under this Act.

CLAUSE 5

THAT, the Bill be amended by deleting clause 5 and substituting therefor the following new clause—

Establishment of incubation programmes.

5. (1) The Agency and the county executive committee member shall—

- (a) establish incubation programmes.
- (b) prescribe criteria for the evaluation of entities, programmes and structures set up for the purposes of implementing this Act.

CLAUSE 7

THAT, Clause 7 of the Bill be amended in subclause (3) by—

- (a) deleting paragraph (a);
- (b) deleting paragraph (b).

CLAUSE 8

THAT, Clause 8 of the Bill be amended in subclause (1) by deleting paragraph (e).

CLAUSE 9

THAT, Clause 9 of the Bill be amended—

(a) by deleting subclause (1) and substituting therefor the following new subclause—

“(1) An entity that qualifies for admission into an incubation programme under section 8 may submit an application in the prescribed form to the Registrar.”

(b) in subclause (2) by deleting paragraph (b) (i);

(c) in subclause (3) by deleting the words “, as the case may be,”;

(d) by deleting subclause (4) and substituting therefor the following new subclause—

“(4) The Agency shall put in place mechanisms to ensure that the admission process of an entity under this section is simple, efficient, accurate and transparent and shall, for this purpose, establish an online platform for the submission of the documents and information specified under subsection (1).”

CLAUSE 10

THAT, the Bill be amended by deleting Clause 10 and substituting therefor the following new Clause—

Consideration of application and registration.

10. (1) The Registrar shall, within thirty days upon receipt of an application under section 9—

(a) examine the application together with the documents; and

(b) if the Registrar considers it necessary, call for such further information or carry out such inspections as he or she may consider necessary for the determination of the application.

(2) Where the Registrar is satisfied that an applicant meets the requirements for registration under this Act, the Registrar shall, subject to the provisions of this Act, enter the name and particulars of the applicant in the register of startups kept for that purpose.

CLAUSE 11

THAT, Clause 11 of the Bill be amended by deleting the words “or county registrar, as the case may be.”

CLAUSE 13

THAT, Clause 13 of the Bill be amended—

(a) in the introductory statement in subclause (1), by deleting the words “or county registrar”;

(b) in subclause (2), by deleting the words “or county registrar, as the case may be.”

CLAUSE 14

THAT, Clause 14 of the Bill be amended in subclause (1) by deleting the words “or county registrar”.

CLAUSE 30
