iv) Project Implementation Challenges

During the implementation phase of the project, the project experienced inadequate funding arising from low GK counterpart budgetary provisions for timely settlement of the GK counterpart project costs. It is recommended that the Government provides adequate budgetary provisions for all projects in order to facilitate smooth projects implementation.

**2.9 Summary of Project Compliance:**

There were no reported cases of significant non-compliance with applicable laws and regulations, and essential external financing agreements/covenants during the project implementation period.

### 3. Statement of Performance Against Project's Predetermined Objectives

#### Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that the Accounting Officer include a statement of the national government entity's performance against predetermined objectives at the end of each financial year.

The key development objectives of the project's agreement were to:

- a) Improve essential road transport infrastructure between Kenya and Tanzania.
- b) To support regional integration, cross border trade, tourism, socio-economic development of the zone of influence and a contribution to the reduction of poverty.

#### Progress on attainment of strategic development objectives

To implement and cascade the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement.

Below we provide the progress on attaining the stated objectives:

<b>Objective</b>	<b>Outcome</b>	<b>Indicator</b>	<b>Performance</b>
Improve essential road transport infrastructure between Kenya and Tanzania.	Improved transport service and lower transport costs between the two countries	Vehicle operating costs Road roughness Traffic count to the border from both countries	Reduced vehicle operating costs Improved road roughness Increased road traffic to the border from both countries
To support regional integration, cross border trade, tourism, socio-economic development of the zone of influence and a contribution to the reduction of poverty.	Enhanced cross border economic activities	Cross border traffic Cross border tourism Social economic activities across the two countries	Increased cross border traffic. Increased cross border tourism. Increased Social economic activities across the two countries

#### **4. Environmental and Sustainability Reporting**

The Arusha-Namanga-Athi River Road Project exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy. Below is a brief highlight of our activities that drive towards sustainability.

##### **i) Sustainability strategy and profile**

Sustainable Development Goals (SDGs) 2015-2030 provides a plan of action for the attainment of peace and prosperity. Five out of the seventeen goals are pertinent to management of projects being undertaken by the Authority. These are being addressed through the following initiatives;

- a) *Good health and well-being (SDG 3)*: The Authority strives to undertake Road Safety Audits to identify accident black spots, implement intervention measures and provide road safety education to reduce accidents;
- b) *Gender Equality (SDG 5)*: The Authority encourages mainstreaming of gender equality in project and programmes by incorporating compliance to one third gender rule in procurement and recruitment;
- c) *Industry, innovation and infrastructure (SDG 9)*: The Authority develops quality, reliable, sustainable and resilient infrastructure including regional and trans-border infrastructure to support economic development and human wellbeing with a focus on affordable and equitable access for all;
- d) *Sustainable cities and communities (SDG 11)*: The Authority endeavours to extend the paved road network to hitherto underserved areas in the region to improve nationwide access to high speed and all – weather connectivity; and
- e) *Climate action (SDG 13)*: The Authority endeavours to combat negative impacts of road development through environmental mitigation, climate change measures and compliance with National Environment Management Authority (NEMA) requirements in all development projects

##### **ii) Environmental performance**

The Authority is working towards ensuring environmental sustainability in projects by undertaking tree planting exercises, implementation of road beautification programs, enforce reinstatement of quarries and borrow pits after construction works, undertakes regular Environmental Impact Assessment (EIA) Audits, carries out M&E on Environment and Social Management Plan (ESMPs) as well as Environmental Social Impact Assessment (ESIA) on projects.

## **Environmental and Sustainability Reporting (Continued)**

### **iii) Employee welfare**

In all its staff appointments, the Authority takes deliberate actions to embrace Equal Employment Opportunity policies, gender mainstreaming, addresses concerns around Persons Living with Disabilities (PWDs) and takes affirmative action in line with prevailing Government Policy guidelines. The Authority prioritizes training to develop technical capacity of staff in the fields of Value Engineering, Project Financing, Project Contract Management, Performance Based Maintenance and Safety.

### **iv) Market place practices**

The Authority strives to ensure responsible competition practices through undertaking annual governance audits in projects, monitoring the implementation of policies and further promotes ethical conduct in projects. The Authority equally sensitizes staff on corruption and integrity. The Authority undertakes to be actively involved in the negotiations during budget sector hearings in order to increase budgetary allocations for projects thus honouring contracts by paying its liabilities on time.

### **v) Community Engagements**

During the implementation of the Project, the Authority is committed to remaining a responsible corporate citizen by being accountable for its actions through engaging in Public Participation. The Project's goal in terms of community engagement is to foster long-term relationships with stakeholders and communities around the project. The aim is not just to build roads that foster development but to ensure collaboration with the local communities to achieve sustainable social economic development. The project staff is also encouraged to give back to society by participating in the Authority's corporate social responsibility initiatives.

The Contractor has been involved in various CSR activities geared towards providing social amenities to the local residents through drilling boreholes and construction of water kiosks along the project road, improvement of access roads and enhancing learning, playing environment in schools along the project road and enhancement of security through construction of Police and NIS facilities at Namanga Border. To enhance social safeguards in projects, the Authority undertakes Resettlement Action Plan (RAP) studies and implements its recommendations, carries out Social Impact Assessments (SIA), undertakes gender mainstreaming and conduct stakeholders' forum to sensitize the public in several cross cutting issues.

## 5. Statement of Project Management Responsibilities

The Director General, KeNHA and the Project Implementing Team Leader are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the project for the financial year ended on June 30, 2024.

This responsibility includes (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the project; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) Safeguarding the assets of the project; (v) Selecting and applying appropriate accounting policies; and (vi) Making accounting estimates that are reasonable in the circumstances.

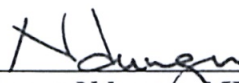

The Director General, KeNHA and the Project Implementing Team Leader accept responsibility for the project's financial Statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with the International Public Sector Accounting Standards.

The Director General, KeNHA and the Project Implementing Team Leader are of the opinion that the Project financial statements give a true and fair view of the state of the Project's transactions during the financial year ended June, 30, 2024 and the Project's financial position as at that date. The Director General, KeNHA and the Project Implementing Team Leader further confirm that completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial Statements and the adequacy of the systems of internal financial control.

The Director General, KeNHA and the Project Implementing Team Leader confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants and that Project funds received during the financial year under audit are used for the eligible purposes for which they were intended and were properly accounted for.

### **Approval of the Project financial statements**

The Project financial statements were approved by the Director General, KeNHA and the Project Implementing Team Leader on .....19 JUL 2024.....and signed by:

## **REPORT OF THE AUDITOR-GENERAL ON ARUSHA-NAMANGA-ATHI RIVER ROAD DEVELOPMENT PROJECT NO.P-Z1-DBO-040 FOR THE YEAR ENDED 30 JUNE, 2024 - KENYA NATIONAL HIGHWAYS AUTHORITY**

---

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on the Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report aim to address the Auditor-General's statutory roles and responsibilities as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

### REPORT ON THE FINANCIAL STATEMENTS

#### **Opinion**

I have audited the accompanying financial statements of Arusha-Namanga-Athi River Road Development Project set out on pages 1 to 15, which comprise the statement of

---

*Report of the Auditor-General on Arusha-Namanga-Athi River Road Development Project Loan No.2100150013893  
Project No.P-Z1-DBO-040 for the year ended 30 June, 2024 - Kenya National Highways Authority*

financial assets and liabilities as at 30 June, 2024 and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Arusha-Namanga-Athi River Road Development Project as at 30 June, 2024 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Loan Agreement No.21001500113893 dated 8 February, 2007 between the African Development Fund and the Republic of Kenya and the Public Finance Management Act, 2012.

In addition, the special account statement presents fairly, the special account transactions and the ending balance has been reconciled with the books of account.

### **Basis for Opinion**

The audit was conducted in accordance with the International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Arusha-Namanga-Athi River Road Development Project Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Emphasis of Matter**

#### **1. Long Outstanding Pending Bills**

Annex 4 to the financial statements and Note 5 on other important disclosures to the financial statements reflects pending accounts payable balance of Kshs.83,344,955 in respect of construction of road. However, review of the Project's records revealed that the entire balance of Kshs.83,344,955 was brought forward from the previous years. However, Management did not provide plans put in place to settle the outstanding debt.

In the circumstances, the Project is at risk of incurring additional cost in form of interest and penalties for failure to settle project related costs as and when they fall due.

#### **2. Project Closure Report**

Paragraph 2.7 on Funding Summary indicates that the Project was for a duration of seven (7) years starting from 8 February, 2007 and end on 30 November, 2014 with an approved budget of UA 49,241,000, equivalent to Kshs.5,353,288,072 by the donor component and an amount of Kshs.4,026,952,076 being counterpart funding by Government of Kenya (GoK). The summary reflects that the Project had received the total Donor commitments

and the GoK counterpart funding. However, a balance of UA 1,346,337 equivalent of Kshs.146,368,459 of the donor commitments was undrawn as at 30 June, 2024.

Further, paragraph 2.8 on Summary of Overall Project Performance indicates that the Project was substantially completed and was handed over employer. However, the Project closure report was not provided for audit. Management did not provide an explanation for the failure to close the Project.

My opinion is not modified in respect of these matters.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

### **Other Matter**

#### **Unresolved Prior Year Matters**

In the audit report of the previous year, several issues were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in Use of Public Resources, and Report on Effectiveness of Internal Controls, Risk Management and Governance. However, Management had not resolved the issues as at 30 June, 2024.

### **Other Information**

#### **Conclusion**

The Management is responsible for the other information set out on page iii to xii which comprise of Project information and Overall Performance, Statement of Performance Against Predetermined Objectives. Environmental and Sustainability Reporting, and Statement of Project Management Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

#### **Basis for Conclusion**

In connection with my audit on the Project's financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution and based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

## **Basis for Conclusion**

The audit was conducted in accordance with the ISSAIs 3000 and 4000. The standards requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **REPORT ON THE EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE**

### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015 and based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

### **Basis for Conclusion**

The audit was conducted in accordance with the ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

As required by African Development Bank, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Project, so far as appears from the examination of those records; and,
- iii. The Project's financial statements are in agreement with the accounting records and returns.

### **Responsibilities of Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Project's ability to continue to sustain its services, disclosing as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Project or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Project's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

#### **Auditor-General's Responsibilities for the Audit**

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the INTOSAI Framework of Professional Pronouncements (IFPP). The Framework requires that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with IFPP will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I also consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

## **11. Significant Accounting Policies**

The principal accounting policies adopted in the preparation of these financial statements are set out below:

### **a) Statement of compliance and basis of preparation**

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

### **b) Reporting entity**

The financial statements are for the Arusha-Namanga-Athi River Road Project under the Kenya National Highways Authority. The financial statements are for the Arusha-Namanga-Athi River Road Project as required by Section 81 of the PFM Act, 2012.

### **c) Reporting currency**

The financial statements are presented in Kenya Shillings (Kshs), the project's functional and reporting currency. All values are rounded to the nearest Kenya Shilling.

**Significant Accounting Policies (Continued)**

**d) Recognition of receipts**

The Arusha-Namanga-Athi River Road Project recognizes all receipts from various sources when an event occurs, and the related cash is received.

**i) Transfers from the Exchequer**

Transfers from the Exchequer are recognized in the books of accounts when cash is received. Cash is considered received when a payment instruction is issued to the bank and the receiving entity is notified.

**ii) External Assistance**

External assistance is monies received through grants and loans from multilateral and bilateral development partners.

**iii) Other receipts**

This includes Appropriation-in-Aid and relates to receipts such as proceeds from the disposal of assets and the sale of tender documents. These are recognized in the financial statements when associated cash is received.

**iv) Donations and grants**

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when payment advice is received by the recipient entity or by the beneficiary. In the case of a grant/donation in kind, such grants are recorded upon receipt of the grant item and its value determined. The transaction date is the value date indicated on the payment advice.

**Significant Accounting Policies (Continued)**

**v) Proceeds from borrowing**

Borrowing includes external loans acquired by the Project or any other debt the Project may take and will be treated on cash basis and recognized as a receipt during the year they were received.

**vi) Undrawn external assistance**

These are loans and grants at the reporting date specified in a binding agreement and relate to funding for the Project currently under development, where conditions have been satisfied, or their ongoing satisfaction is highly likely, and the project is anticipated to continue to completion.

The funding summary analyzes the Project's undrawn external assistance.

**e) Recognition of payments**

The Project recognises all payments when the event occurs, and the related cash has been paid out by the Project.

**i) Compensation of employees**

Salaries, wages, Allowances, and Statutory Contributions for employees are recognized when the compensation is paid.

**ii) Use of goods and services**

Goods and services are recognized as payments when the goods/services are consumed and paid for. If not paid for when goods/services are consumed, they shall be disclosed as pending bills.

**Significant Accounting Policies (Continued)**

**iii) Interest on borrowing**

Borrowing costs that include interest are recognized as payment in the period in which they incur and paid for.

**iv) Repayment of borrowing (principal amount)**

Repayment of the principal amount of borrowing is recognized as payment in the period in which the repayment is made. The debt stock is disclosed as an annexure to the consolidated financial statements.

**v) Acquisition of fixed assets**

The payment on the acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items, respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as a receipt and as a payment. A fixed asset register is maintained by each public entity, and a summary is provided for consolidation purposes. This summary is disclosed as an annexure to the consolidated financial statements.

**f) In-kind donations**

In-kind contributions are donations made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment, or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

**Significant Accounting Policies (Continued)**

**g) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**h) Restriction on cash**

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

**i) Imprests and Advances**

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

**Significant Accounting Policies (Continued)**

**j) Contingent Liabilities**

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
  - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
  - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public - Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. There were no contingent liabilities in the year.

**k) Contingent Assets**

The Arusha-Namanga-Athi River Road Project does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of The Arusha-Namanga-Athi River Road Project in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**Significant Accounting Policies (Continued)**

**l) Pending bills**

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance.' When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

**m) Budget**

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation. A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

**n) Third party payments**

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties column in the statement of receipts and payments.

**Significant Accounting Policies (Continued)**

**o) Exchange rate differences**

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates (Kenya Shillings). Transactions in foreign currencies during the year/period are converted into functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statements of receipts and payments.

**p) Comparative figures**

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

**q) Subsequent events**

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2024.

**r) Prior period adjustments**

Prior period adjustments relate to errors and other adjustments noted arising from previous year(s). Explanations and details of these prior period adjustments are presented in note xx of these financial statements.

1	<p><b>Other Matter</b>  <b>Pending Bills</b>            Note 1 under Other Important Disclosures and the supporting Annex 3 to the financial statements reflects pending bills balance in respect of road construction amounting to Kshs 83,344,955 as at 30 June 2023. Review of the project's records revealed that the entire balance of Kshs 83,344,955 was brought forward from the previous year. As previously reported, the Project therefore runs the risk of incurring significant interest costs and penalties with the continued delay in settling the bills</p> <p>Failure to settle the bills during the year in which they relate adversely affects the provisions of the subsequent year to which they have to be first charged</p>	<p>We agree with the audit observation that the project had outstanding bills amounting to Kshs 83,344,955. This is a result of:</p> <p>Exhaustion of Development Partner funds and subsequent lapse of credit agreement prior to completion of the project</p> <p>Insufficient exchequer budgets in the current as well as prior financial years</p> <p>The Authority, in conjunction with the Parent Ministry will endeavor to provide adequate budgetary provisions in subsequent financial years to facilitate settlement of the entire pending bill.</p>	Not Resolved	Ongoing
