STATEMENT ON THE FINANCIAL YEAR 2018/19  
SUPPLEMENTARY ESTIMATES NO. II

MAY 2019

## **I. INTRODUCTION**

1. The FY 2018/19 Supplementary Estimates No.2 has been prepared pursuant to the provisions of the Constitution and the Public Finance Management Act, 2012 (PFMA, 2012). It seeks to address shortfalls in salaries, security related expenditures, provisions to mitigate against the effects of drought, support to food security initiatives, support to manufacturing, provision of critical infrastructure, and scaling down of expenditures to achieve the targeted overall fiscal deficit level.

- ***Key Assumptions and fiscal impact of additional expenditures in FY 2018/19 Supplementary Estimates No.2***

2. The following are the assumptions underpinning the FY 2018/19 Supplementary Estimates No.2 and the fiscal impacts of additional expenditures;

- (i) The Supplementary Estimates have been prepared to take care of salary shortfalls, unforeseen and unavoidable expenditures, changes in donor funded projects and rationalization of slow moving projects, among other challenges;
- (ii) Total revenues are projected at 19 per cent of GDP;
- (iii) Overall expenditure and net lending is projected at 26.7 per cent of GDP;
- (iv) Grants are projected at 0.4 per cent of GDP;
- (v) The overall fiscal deficit level has been maintained at 6.8 per cent of GDP;
- (vi) Net financing is projected at 4 per cent of GDP; and
- (vii) Net domestic financing is projected at 2.8 per cent of GDP.

- *Overall Expenditures*

3. The Overall Ministerial cumulative expenditure in the FY 2018/19 Supplementary Estimates No. 2 has increased by 1.6 per cent from the FY 2018/19 original approved budget of which the recurrent expenditure increased by 5.8 per cent and the development expenditure has decreased by 5.1 per cent. This is within the 10 per cent threshold as required by the PFMA, 2012.

2.0 Consolidated Fund Services	962,562	962,562	935,989	(26,573)	-2.8%

4. The overall change in the National Government Ministerial Budget (excluding Consolidated Fund Services and County allocations) from the original approved budget is an increase of **Ksh.27.4 billion** which reflects a 1.6 per cent change. This is within the provisions of Article 223 of the Constitution. The summary of gross changes by votes and Programmes are as indicated in **Annex I** of this statement.

## II. ADHERENCE OF FISCAL PRINCIPLES AND FINANCIAL OBJECTIVES

5. In line with the Constitution, the Public Finance Management (PFM) Act, 2012, the PFM regulations, and in keeping with prudent and transparent

management of public resources, the FY 2018/19 Supplementary Estimates No.2 has adhered to the fiscal responsibility principles. These include;

- i. *Over the medium term, a minimum of 30 percent of the National Budget shall be allocated to Development Expenditure.*
6. In line with this requirement, the National Government's Ministerial Development Budget in the FY 2018/19 Supplementary Estimates No.2 is 36.9 per cent of the total Ministerial Budget while Recurrent Budget allocation is 63.1 per cent.
- ii. *The National Government's expenditure on the compensation of employees (including benefits and allowances) for public officers shall not exceed 35 percentage of the National Government equitable share of revenue raised nationally.*
7. The Ministerial Expenditure for compensation of employees in the FY 2018/19 Supplementary Estimates No. 2 is 28.4 per cent of the National Governments equitable share of revenues which is within the 35 percent threshold required in the PFM regulations. These ratios demonstrate the commitment to the fiscal responsibility principle of ensuring that the national government's expenditure on wages and benefits is sustainable.
- iii. *Over the medium term, the National Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure.*
8. The Government has continued to adhere to this principle as all Government's medium to long term borrowing is being channeled towards funding

of Development Expenditures. Further, this borrowing is carried out within the context of the Medium Term Debt Strategy (MTDs) approved by Parliament.

*iv. Fiscal risks shall be managed prudently*

9. To manage fiscal risks prudently as required, the Government has improved its macroeconomic forecasts and regularly reviews the impact of macroeconomic projections and their implications on the budget. A detailed Annex on the specific fiscal risks is usually prepared as part of the Budget Policy Statement. Potential fiscal risks arising from contingent liabilities, including from Public Private Partnership projects among others are taken into account and a contingency provision made to cushion the economy from unforeseeable shocks.

*v. A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained, taking into account any tax reforms that may be made in the future.*

10. On the principle of maintaining a reasonable degree of predictability with respect to the level of tax rates and tax bases, the Government continues to carry out tax reforms through modernizing and simplifying tax laws. In order to lock in predictability and enhance compliance with tax system, the Government through the Finance Act, 2018, amended the Income Tax Act, Excise Duty Act, VAT Act and the Tax Procedures Act.

### **III. COMPLIANCE WITH PAST POLICY RECOMMENDATIONS**

11. During the approval of the FY 2017/18 Supplementary Estimates No.2, the National Assembly made the following resolutions which we have addressed as follows;

12. **Resolution 1:** That in future, to avoid extensive budget adjustments in the course of the year which renders the budget unpredictable and reduces its effectiveness, the committee will require extensive explanation on why/how expenditure adjustments fit the criteria of supplementary budget in line with the legal provisions and those found not fit will be denied approval;

**Action Taken:** The Financial Year 2018/19 Supplementary Estimates No.2 seeks to address shortfalls in salaries, security related expenditures, provisions to mitigate against the effects of drought, support to food security initiatives, support to manufacturing, provision of critical infrastructure, and scaling down of expenditures to achieve the targeted overall fiscal deficit level.

13. **Resolution 2:** That if there are shortfalls in revenue, the recurrent budget should not go up. Indeed, the recurrent budget should not be allowed to exceed the initial budgeted levels in order to maintain fiscal deficit;

**Action Taken:** The National Treasury has adjusted the recurrent budget to the extent of addressing shortfalls in salaries, drought interventions and provisions for unforeseen and unavoidable expenditures as provided for by the Public Finance Management Act. The Government has however curtailed growth in areas where Parliament has pronounced itself on austerity measures such as domestic travel, foreign travel, training, hospitality among others.

14. **Resolution 3:** That the challenges leading to low absorption of development expenditure under the various MDAs be clearly outlined including measures being taken to ensure that these projects are back on track;

15. **Action taken:** The National Treasury has issued guidelines to MDAs emphasizing strengthening of Budget Implementation Committees to ensure that

bottlenecks hindering smooth implementation of capital projects are addressed promptly. Further, the Government, vide Executive Order No.1/2019 has established the National Implementation and Communication Technical Committee to coordinate implementation of Government projects.

16. Going forward, we have established the Public Investment Management (PIM) Unit at the National Treasury and adopted the Public Investment Guidelines that shall guide appraisal of all projects before their inclusion in the budget to ensure that only projects which are ready for implementation are budgeted for.

17. **Resolution 4:** That the impact of the expenditure adjustments on budget implementations as well as the general effect on the economy be provided;

**Action taken:** The expenditure adjustments in the FY 2018/19 Supplementary Estimates No.2 are mainly to address shortfall in salaries and other emerging priorities and absorption. Donor commitments have also been rationalized to reflect the absorption capacity to end of the financial year. In this regard, the adjustments are meant to ensure effective implementation of the budget.

The macro-economic environment is projected to remain stable with low and stable interest rates and competitive exchange rate to support export. Inflation is projected to be within the targeted range albeit with the risk of raising food prices following the recent drought in the Country.

18. **Resolution 5:** That no new project should be introduced during supplementary Estimates except those that are emergency in nature;

**Action taken:** In preparing the FY 2018/19 Supplementary Estimates No.2, the Government has ensured compliance to this resolution and has not included any new project except those that are of emergency in nature.

19. **Resolution 6:** That any expenditure adjustment should be matched by revised performance targets to ensure this House is able to effectively monitor budget performance of MDAs.

**Action taken:** The National Treasury has ensured strict adherence to this resolution. Where there are adjustments in expenditures in the FY 2018/19 Supplementary Estimates No.2, we have ensured that the outputs and targets have been adjusted appropriately to reflect changes in expenditures. These adjustments are contained in the Programme Based Budget for the FY 2018/19 Supplementary Estimates No.2.

20. **Resolution 7:** That a review should be done to identify agencies whose proportion of approved expenditures changes the most. Such analysis will ensure that such agencies prepare well costed and credible budgets for the financial year;

**Action taken:** The National Treasury will continue to improve the capacity of MDAs to ensure that programmes and projects are properly costed to avoid changes in expenditure estimates.

21. During the approval of FY 2018/19 Supplementary Estimates No.1, the National Assembly resolved that the Budget for the Judiciary be reinstated. In this regard, we reinstated the foreign finance development budget for the Judiciary in the FY 2018/19 Supplementary Estimates No.1. This was reflected in the FY 2018/19 Supplementary Estimates No. 1 Appropriations Bill which was passed by the National Assembly, and assented to by His Excellency the President of the Republic of Kenya.

#### **IV. PERFORMANCE OF FY 2018/19 BUDGET**

22. The implementation of FY 2018/19 Budget continues to face various challenges. These include the recent drought in some parts of the country, underperformance of projected revenues and the increased demand for additional priority expenditures.

23. The cumulative revenue collection including AIA for the period July 2018 to March 2019 amounted to **Ksh.1,179.6 billion** against a target of **Ksh.1,277.3 billion**. This represents an underperformance of **Ksh.97.7 billion** mainly due to shortfall in Income Tax, IDF, Railway Development Levy, Import Duty and VAT.

24. The total cumulative expenditure and net lending inclusive of transfer to County Governments for the period ending 31<sup>st</sup> March, 2019 amounted to **Ksh.1,703.8 billion**. This was **Ksh.110.2 billion** below the target of **Ksh.1,814 billion**.

#### **V. APPROVALS UNDER ARTICLE 223 OF THE CONSTITUTION**

25. The National Treasury has approved expenditures amounting to **Ksh.163.6 billion** under Article 223 which comprise donor funded projects amounting to **Ksh.90.8 billion**. The donor funded projects have however been rationalized, including approvals under Article 223 to reduce the fiscal deficit. The details of expenditure approved under Article 223 are as indicated in **Annex II** of this statement.
