REPORT OF THE EAST AFRICAN COMMUNITY INTER-PARLIAMENTARY GAMES TOURNAMENT HELD IN KIGALI-RWANDA IN DECEMBER 2015

1.0 INTRODUCTION

The East African Community (EAC) Inter-Parliamentary Games are a key aspect of building relations between the East African Legislative Assembly (EALA) and the Parliaments in the East African Community regions. The games play a fundamental part in enabling EALA interact with Members of the National Parliaments in the partner states as envisaged in article 49(2a) of the Treaty for the establishment of the EAC. It is a mechanism applied to enhance interaction with the citizenry of the Partner States and as a mode of sensitization to popularizing the integration process.

The establishment of the annual EAC Inter-Parliamentary Games emerged during the 4th EAC Speaker's forum held in 2009 in Arusha, which agreed to have the Inter-Parliamentary Games held on annual and rotational basis. During this meeting the Member states were requested to include the championships in their budget line. EALA has since then continued to organize the games as the Secretariat/Coordinator, working closely with the hosting National Parliament to ensure successful tournaments.

The Games which started with only one discipline of football has since evolved to include Netball, Tug of War, Athletics, Volleyball and Golf.

4.0 2015 - KIGALI – RWANDA

The focus of this report is on the Kigali-Rwanda Games – 2015. The Parliament of Rwanda agreed to host the Games during the post Arusha review Tournament 2014 held in Bujumbura – Burundi from 4th to 11th December, 2015. This was ratified during the Pre-Kigali 2015 preparatory meeting held in Nairobi, Kenya on 14th to 18th October, 2015 attended by representatives of all the Parliaments. This meeting set the date of the tournament to kick off from 4th to 11th December, 2015.

4.1 Participants

The 2015 EAC Inter-Parliamentary Games was attended by the following EAC Partner States Parliaments/Assemblies:

- Kenya
- Uganda
- Rwanda and
- East African Legislative Assembly (EALA)

4.2 Disciplines

The 2015 EAC Inter-Parliamentary Games included the following and Kenya took part in all of them.

- (i) Football
- (ii) Volleyball (Men and Women)
- (iii) Tug of War (Men and Women)
- (iv) Athletics (Men and Women)
- (v) Netball
- (vi) Golf

4.3 The Kenya Team

4.3.1 Training and Preparations

The preparation of the Kenyan Team, Road to Kigali started long way back in March 2015 with all the teams involved in intensive training on Tuesdays and Thursdays at the Nyayo Stadium. The training was supplemented by frequent

participation in various invitational tournaments for the players to gain match fitness and team cohesion in the various disciplines.

4.3.2 Team Selection

Members of Parliament and staff were selected to the main team based on the following criteria:-

- (i) Membership to the Bunge Sports Club,
- (ii) Availability for the duration of the tournament,
- (iii) Free from any form of disease or injury,
- (iv) Physical fitness based on regular training, based on technical and tactical capability,
- (v) Slots as per the Rules and Regulations on registration,

- (vi) Discipline especially on the part of the staff selected to support the Members and
- (vii) Endorsement by the Technical Committee of the Bunge Sports Club.

4.3.3 Kits and Uniforms

All the teams were well kitted with official uniforms and playing kits save for the Netball Team which had challenges on the sizes. The Kenyan teams were judged the smartest however it was the feeling of the Members that in future the kits be individualized with the names of the Members printed on the jerseys.

4.3.4 Medical Team

The Medical Unit headed by Hon. Dr. Robert Pukose was manned by two medical personnel from the Ministry of Health and supplemented by a physiotherapist and massage therapists from the Health club. The unit managed to take care of all the medical needs of the entire contingent.

4.3.5 Technical Personnel

The Kenya Parliament engaged the services of a netball and volleyball coach from the Kenya Prison Services since such expertise does not exist in Parliament. The two coaches were with the team throughout the year and were in charge in Kigali.

4.3.6 Funding

The team was well funded throughout the year up to and including the Games in Kigali despite the lack of a budget line for the Games. This showed a serious commitment by the Parliament of Kenya to this Games.

4.4 The Tournament

4.4.1 Teams Management

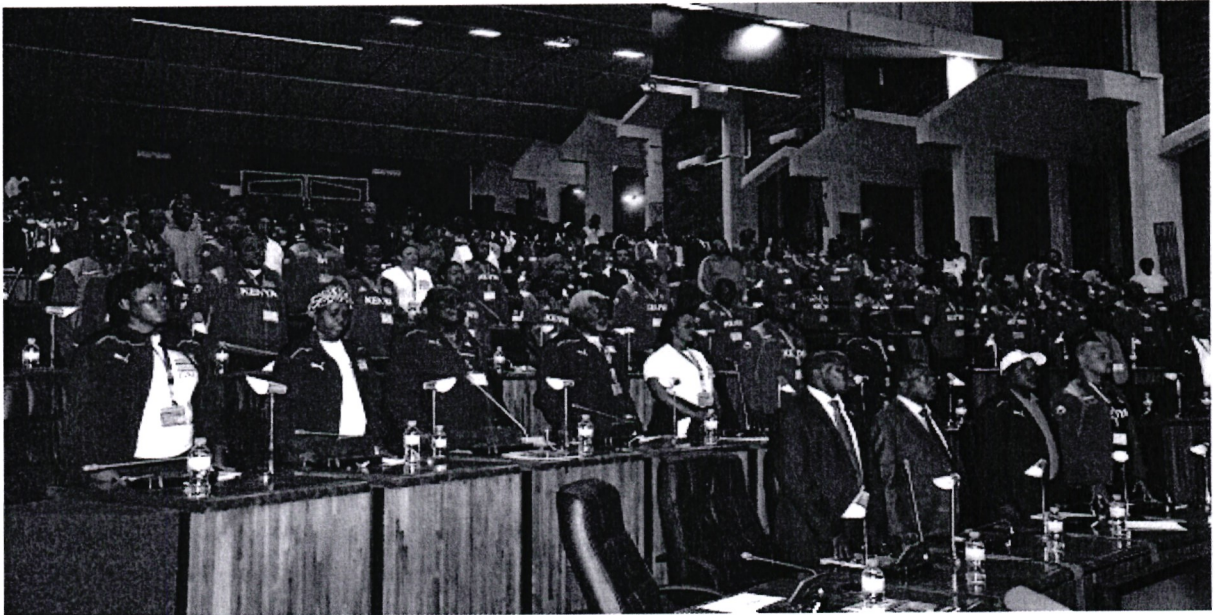

The Kenyan Team was led by the Chairman of the Bunge Sports Club, Hon. Wafula Wamunyinyi,MP at the Club level but collectively by the Member of the Speaker's Panel-National Assembly Hon. Jessica Mbalu,MP together with Hon. Commissioner Lorna Mumelo and Hon. Commissioner Dr. Abdullahi Ali from the Commission.

At the team level there was a team of coordinators and captains whose main responsibilities were to organize the teams for training, matches and provision of all requirements through the Chief Coordinator and the Deputy Coordinator.

Meetings were held every evening to review the day's activities and prepare for the activities of the next day. In this way each and every member of the contingent had a role to play in the smooth management of the team. A total of nine meetings were held for the duration.

4.4.2 Pre-Tournament Conference

The pre-tournament Conference was held on 4th December, 2015 in Rwanda Parliament attended by all the Team Leaders and participants. The main aim of the Conference was to offer a forum to enable Members and staff bond in a relaxed atmosphere and build harmony prior to the commencement of the Games.

Every Speaker used the occasion to reiterate that the Games was a forum to accelerate the deepening and widening of the East African Community and that after the games, unity, harmony and peaceful coexistence should be the outcome of the championships.

After the conference all the teams had a colourful procession from Rwanda Parliament to Amahoro Stadium for the games opening ceremony and kick off.

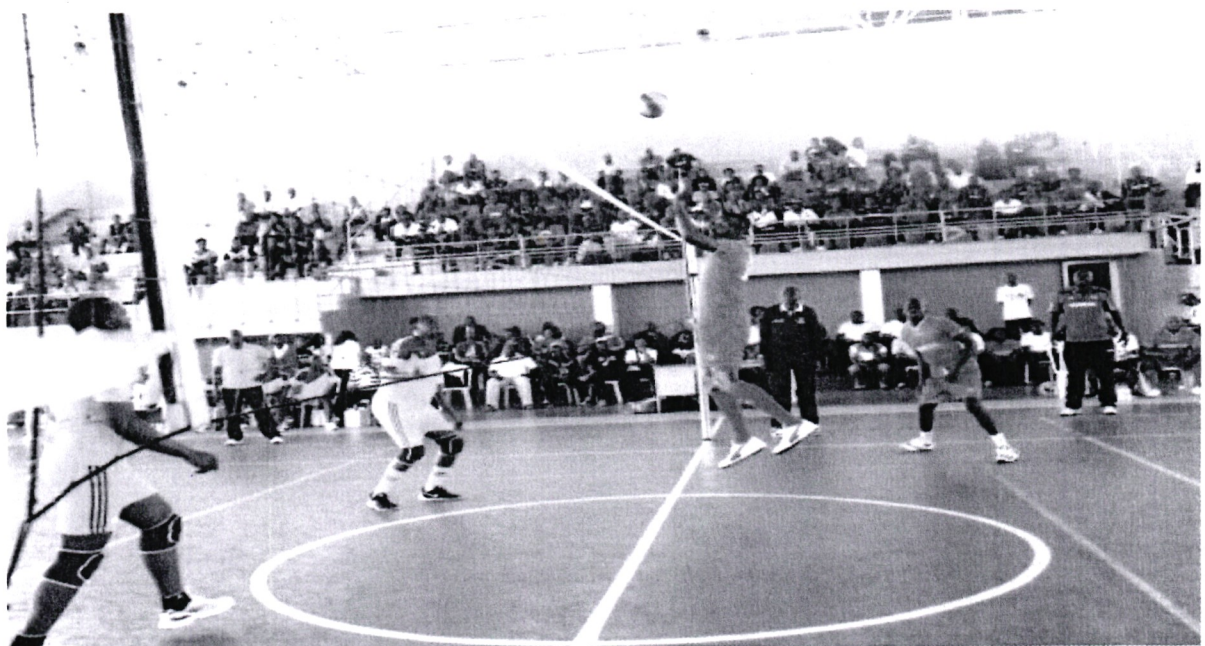

Flagg Off: Speaker of the Parliament of Rwanda, Rt. Hon Donatille Mukabalisa flags off the procession to the Amahoro Stadium from the Parliament of Rwanda. On right is Legislator, and Chairperson of the Bunge Sports Club, Hon Wafula Wamunyinyi, from Parliament of Kenya

5.0 CHALLENGES/PROPOSED SOLUTIONS

The team faced serious challenges leading to and during the Games in Kigali, Rwanda which affected their performance especially in Football.

5.1 Training and Training matches

The turnout for the weekdays trainings was poorly attended throughout the year and this was also witnessed during training friendly matches. This affected team dynamics in team fitness, tactics and techniques. ***A mechanism should be explored to interest the Members to attend training sessions and training friendly matches consistently.***

5.2 Kits and uniforms

There was a problem with the kits especially for the Netball Team due to the sizes of the players. ***This can be addressed by making acquisition early so that the uniforms are ordered as per the size***

5.3 Team Selection

Despite the fact that the Team and officials were selected based on a set up criteria, there was still a scramble for positions to travel to Kigali at the last minute.

To avoid this the criteria on selection should be upheld at all the levels of decision making to bring about some semblance of order.

5.4 Technical Personnel

The teams relied on coaches from the Kenyan Prisons Services in Netball and Volleyball due to the fact that Parliament does not have the expertise.

Bunge Sports Club have embarked on making sure that the technically sound staff are sponsored to undertake coaching courses in various disciplines. Towards this end three staff (Ms. Florence Chemutai, Ms. Daisy Rotich and Mr. Fredrick Werimo) have been trained and are now qualified Netball Coaches.

5.5 Medical Issues

Due to the age of the Members of Parliament participating in Sports activities, proper medical initiative must be put in place to avoid unfortunate incidences which may occur as a result of late medical intervention during trainings and competition.

Towards this end Dr. Christine Sagini who is a staff of the parliamentary service commission should be attached to the Bunge Sports Club to be in charge of the medical unit.

5.6 Funds

There has been a problem of funding the team every year during the EAC Inter Parliamentary Championships hampering the smooth preparation of the Team.

Since this is an event which features prominently in the Calendar of events every year, adequate funding should be budgeted for this activity.

5.7 Staff Involvement

There has emerged a serious interest by the members of staff in these Games despite the fact that the EAC Inter Parliamentary Games are essentially for Sitting Members of Parliament of the Members States save for a few slots reserved for a few staff in various disciplines. This has created animosity and bad blood from members of staff who are left out during selections.

To accommodate staff in this games, the Parliament of Kenya should spearhead the formation of the EAC Sports Championship for Staff

6.0 CONCLUSION

The role of sports in social interaction cannot be overemphasized and this formed the wisdom of the Speakers of the Member States of the EAC to embrace Sports as a key aspect of sensitization and popularization of the EAC Integration.

The Championships brings together over five hundred Members of Parliament and thousands of EAC citizens together every year and the conception of the Pre-Tournament Conference first held in Kigali-Rwanda is a brilliant idea to cement the relationships and bring peace, harmony and brotherhood to the competition.

Nelson Mandela once said this about sports, ***“Sports has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to the youth in a language they understand. Sports can create hope where once there was despair. It is more powerful than Governments in breaking down social barriers”***. This quote captures the spirit and true essence of the EAC Inter Parliamentary sports championships.

7.0 RESOLUTIONS

7.1 Hosting of the EAC Championships 2017

Kenya is due to host the EAC championships in the year 2017 but being an election year, Members may not be available, Bunge Sports Club has requested the organizers to be allowed to host the Championships this year 2016.

Kenya Parliament is therefore requested to write formally to the organizers to express this interest.

7.2 Funding

The decision to hold the EAC Inter Parliamentary Games on an annual and rotational basis was agreed on at a high level by the EAC Speakers at the Speaker's 4th Forum held in Arusha in the year 2009. This meeting reiterated the need for the Members states to include a budget line for this activity in their budget line to ensure continuous participation by the Member States.

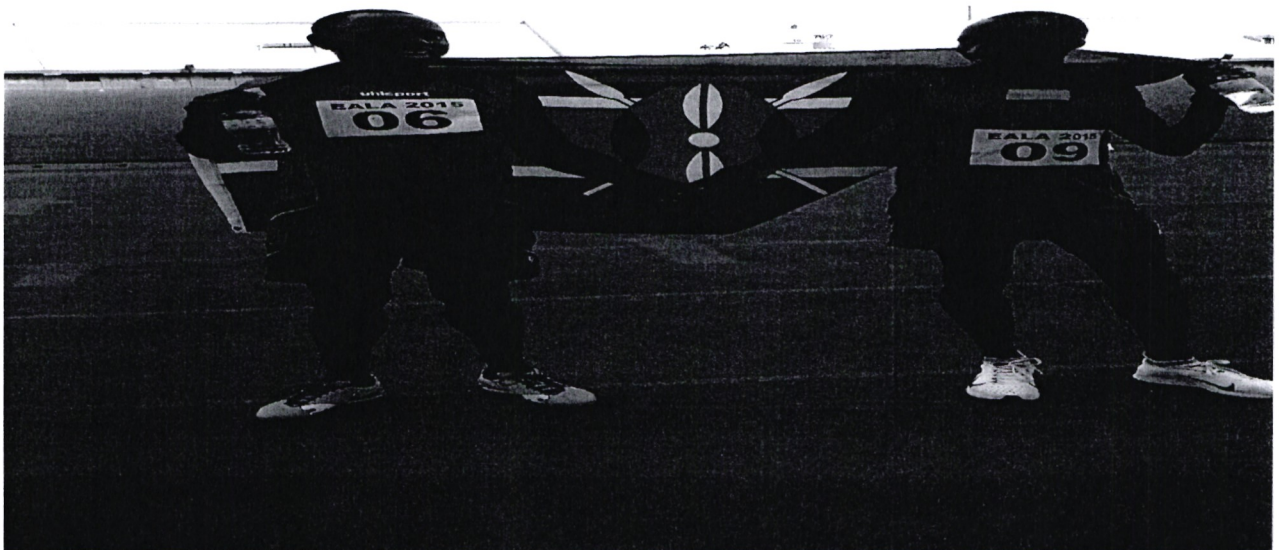

Kenya Parliament should therefore have an adequate budget factored in 2016/2017 financial year for this and other activities leading to the Games and especially if Kenya will be awarded the hosting rights.

MIN.NO.EALA/GAMES/29/12/2015 RECAP

Volleyball Men – Langat

Kenya played with Rwanda emerging with scores as follows:

Rwanda (winner)	Kenya
25	13
25	22

Challenges

The referee was not fair especially on body contact, coordination of the team was also not good.

Suggestion: The members were of the opinion that the country playing should have a referee from their country to promote neutrality. This had been discussed before but since it was the norm from the beginning of games with other countries, coach Mr. Ochola promised to write a letter on the same for consideration of changes in future.

Football Men- Musera

Kenya team played with Rwanda at 4.00 p.m. had a draw. Transport was okay, provision of water in the afternoon was okay apart from morning during a pre match.

The coordinator notified the members on the game to be played on 9th December, 2015 that is Kenya represented by Hon. Kanini Kega, EALA and Rwanda.

She requested for separate transport from the normal one i.e. a small cab as the venue is far and there is only one participant. The chair emphasized on provision of only water as any alternative soft drink was to be taken care by the player hence promised to talk to the player on clarity as the issue had been raised about provision of soft drinks.

Nettball – Daisy/Cherono

Kenya team played with Rwanda, Kenya winning 17 Rwanda 10, though Kenyan team were less beefed up with Hon. (Dr.) Chebet as they insisted that staff were not eligible to play.

Challenges

Transport in the morning was not available in good time but provision of water and juices, kits were available.

The umpire, technical person and the Rwandan referee were biased. Due to the hiccup netball technical team agreed to involve one professional to rectify in future.

MIN.NO.EALA/GAMES/31/12/2015

BUDGET FOR THE TEAM

The Chairman cautioned the team that since there were several groups from the same institution coming for different games i.e. KICOSCA, Joint Service, National Assembly these are facilitated differently hence does not fall under EALA budget or case. This included the issue of the Speaker’s transport.

MIN.NO.EALA/GAMES/32/12/2015

UNIFORMS

General Uniforms

The chairman clarified to the members on provision of the general uniforms for the team Kenya EALA games as the supply was made as per the order for a specific number as per the budget. Therefore the additional number to the group would not be catered for as there is no extra.

It was noted that the general uniform look alike and therefore it was everyone’s responsibility to mark their own for ease of identification.

Teams playing uniforms

It was agreed with emphasis that uniforms should be issued in the field to eligible players those in the list awaiting the match. Any issuance to ineligible player may damage the image of the country as it may seem to have poached players from outside attracting

nullification of the games. The case of the volleyball coordinator and the coach having given uniform to ineligible player was cited. Apology for the hiccup was received from the coach – Mr. Chenje.

The chairman emphasized on returning uniform kits for each discipline at the end of every game for laundry in readiness for the following match and thereafter for future use as more uniforms will not be bought. In this regard the team members were urged to take care of any uniform lying or found unattended by taking it to the respective coordinators.

It was noted that netballers did not have socks and agreed that Mr. Lang'at (Men volleyball coordinator) should surrender one set of socks to them.

MIN.NO.EALA/GAMES/33/12/2015 TEAM WORK

This was emphasized as the success of the whole process demands the cooperation of the team, willingness to support each other and even to psyche the team by cheering. Luggage should be well taken care of to avoid loosing or misplacement of items.

The team work had improved than the previous day hence need to keep on improving.

MIN.NO.EALA/GAMES/34/12/2015 MEDICAL TEAM

It was agreed that every venue of the games should be taken care of by medical attendants having all facilities to attend to the players' needs.

MIN.NO.EALA/GAMES/35/12/2015 ANY OTHER BUSINESS

Athletics

The coordinator of athletics was of the opinion that since both athletics and football were taking place on Monday, he requested if athletics could precede football due to vulnerability to injuries in football.

Cheering

It was emphasized that supporting each other was necessary to boost the players morale by encouraging the players even when they are loosing. Netball had very few cheerers therefore mobilizing for more support was necessary.

It was everyone's responsibility to find out where the teams are for necessary support. Emphasis was made on separating the entities of the EALA and KICOSCA so as not to fail the team's course.

Transport - Driver

The incident of drivers parking the vehicles and leaving without saying where they were was raised as at one point some items were required from the same vehicle but he was nowhere.

Absenteeism in meetings

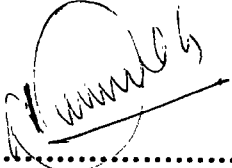

The chair noted with concern that absenteeism is discouraged as the members ought to know why they were given such responsibilities i.e. Mary Ng'ang'a though she had registered apology.

Members thanked Coach Mr. Ochola for his leadership so far the team was getting better every day.

MIN.NO.EALA/GAMES/36/12/2015 ADJOURNMENT

There being no any other business the meeting ended at 9.00 p.m. with a word of prayer from Alice Nanyama.

Football Men- Musera

Kenya team had a walkover vs Burundi who never came. Transport, provision of water was ok.

Challenges

Some members came late while others never came for training even though they were informed.

One of the staff (Jillo) came late while drunk during training which is a behavior that will not be condoned as one is assumed to be on duty therefore the emphasis on the acceptable behavior and conduct should be adhered to.

The football team tossed between EALA and Uganda and Hon. Neto representing Kenyan team picked on Uganda leading to Kenya having semi finals with Uganda on Tuesday 8th December, 2015 in Nyamirambo Stadium time not confirmed.

According to the programme Monday was a free day for footballers.

The management team was also acknowledged for the work done through the coach down to the players

However Lilian Marete cautioned the team to participate actively in the field for trainings at Nyayo Stadium so as to avoid begging for trips all over.

The medical team noted that there were no major injuries encountered which was a positive observation.

The players enjoyed the support of the team especially football as cited by the Captain (Njata) urging the same spirit to continue.

The players who had injuries but still managed to support the team were commented such as Karanja. However thought for the day was paused as “how did you win, where were the challenges and how can we improve in future.” Hence need to pull up our socks for next competition.

RECOMMENDATIONS/REMARKS

Mr. Ngang’a Deputy Director Administrative Service commended Mr. Ochola as his leadership was so good for the team spirit noting that cheering was just a talent on its own. **The team has made Kenya proud and recommended that if the team can be recognized by being given certificates it can boost their morale.**

Mr. Tiampati Rana Behalf of the Clerk of the National Assembly

He congratulated the players and urged them to keep on training and the discipline trophy should translate the same back home.

A request was made that in future the list of the participants should be known in good time for ease of arrangements and logistics rather than waiting until the last minute.

He also urged the members that in whatever they do Members of Parliament should take precedence to staff i.e. in transport issues from one point to another and also the medical team should attend to their issues immediately.

Officiating Matches

He cited the issue of all referees having come from the hosting country (Rwanda) and sometimes they were biased and therefore he was of the opinion that **each partner state**

should be given an opportunity to come with one or two referees to create a neutral ground of judgment.

The issue of the best player whereby Members of Parliament take precedence by being awarded whereas a staff get just a handshake was demoralizing. He was of the opinion that Internal mechanisms for recognizing such should be put in place.

Intelligence/an informer should be involved to find out what happens in other teams/countries for strategies of winning.

Chairman's Remarks

The chairman noted that there are Speakers, Clerks and Directors who love sports and have supported the team and that ten (10) years down the line this was the best team where coordinators did so well. He informed the seniors that every evening the team had a meeting to recap on the day's activities, schedule for the following day and communicate to the team members through whatsapp/sms and even calling the concerned players for ease of coordination hence moving in one direction.

Referees

In response to the referees issue raised before he said that it had been a norm from the beginning that the host country gives referees but then from next year changes will be made.

He commented Mr. Richard Njoroge the Deputy Chief Coordinator for coordinating all the coordinators efficiently and Mr. Mutungi the Chief Coordinator was not left out as he handled the monies well.

The Secretariat was also recognized for the work done Bernard Oyugi and Alice Nanyama.

The scenario of segregation of Senate, Joint Service or National Assembly should not arise but the team should embrace unity as one Parliament. Selection in training will be based on the best for Parliament to have the best team.

Members of Parliament

The Chairman commended the Members of Parliament for their commitment and dedication i.e. Hon. Wanyama during volleyball.

Travel Arrangement

Mr. Njoroge was tasked to record the teams flight details for transport arrangements to the airport.

Uniforms

Coordinators were urged to ensure that all sports uniforms are returned, washed and kept for use next year as the management will not buy more uniforms again.

MIN.NO.EALA/GAMES/62/12/2015 CLOSURE

The Chairman declared the camp closed but the team should remember that we are still in a foreign country, need for discipline and not to walk alone but be brothers keep.
